

The path to metal slitting systems now leads to Chicago

Introducing Chicago Slitter's new metal slitting systems — proven technology with short lead times, on-time delivery, and pre-engineered configuration pricing.

With these new Series 6000 and 7200 slitters, you'll be able to:

- Routinely produce precision, tight, straight-walled slit coils at maximum production rates.*
- Efficiently prepare multiple set-ups per shift — allowing you to serve more customers, more quickly.*
- Offer pre-painted, polished, and other surface-sensitive slit metal coils that are high quality and scratch free.*

Call Mike Vall at 1-630-875-9800 ext. 619 or contact him through the website at www.chicagoslitter.com to make an appointment to see us, and we'll send you a deep-dish pizza — just to give you a little taste of Chicago in advance!
